Superior Stamp & Coin Co. Inc.

is pleased to welcome many new readers

to our first issue of MoneyTalks for 1983. Now in its thirteenth year of continuous publication, MoneyTalks is issued bi-monthly and regularly features stamps and covers from the U.S. and the world,

plus coins, currency and antiquities.

This special double-issue edition calls specific attention to our vast and varied inventory of stamps. Of course, due to the limitations in space, only a small fraction of our extensive worldwide stock can be presented at this time. For those of you who do not find that elusive "hard-to-find" stamp, or you're working on a country not mentioned here, we strongly urge that you send us your want list for the most favorable price quote in town.

Many of the items in this issue are of a one-of-a-kind nature. Therefore, we suggest a phone call to reserve your selection, or to place credit card orders. Outside of California, toll free at (800) 421-0754; within California (213) 278-9740. All major credit cards accepted. Be assured that you may order with confidence, as your satisfaction is guaranteed, or your money will be refunded.

For over 50 years, **Superior** has been of service to the philatelic and numismatic communities of the world. We have served thousands of clients in our 52 year history and in addition to our many retail accounts, we are also active wholesalers. Dealer orders are welcome!

As a special offer, with any purchase of \$15.00 or more, you will receive a complimentary one-year subscription to MoneyTalks, AND with any purchase of \$100.00 or more from our "Country Lists" on pages 2 to 19, you may take a 5% discount.

If you are ever in the Los Angeles/Beverly Hills area, why not stop by and visit us at our spacious store front location in the heart of Beverly Hills. Have a cup of coffee and see why for over 50 years, **Superior** is still Superior.

New George Washington Commemoratives

Perhaps the international interest in this new silver .900 fine commemorative is more intense than the domestic activity, but mark our words, by the time the public from around the world gets here for the 1984 Olympics, these coins will be selling for a whole bunch more than now. This is the first commemorative coin issued by the U.S. Mint since 1954 and, quite frankly, it is a lovely portrayal of both Washington and Mount Vernon. All coins are proof and dated 1982. Each is sealed in appropriate case.

**The Bicentennial Silver
 Uncirculated Coinage Set**

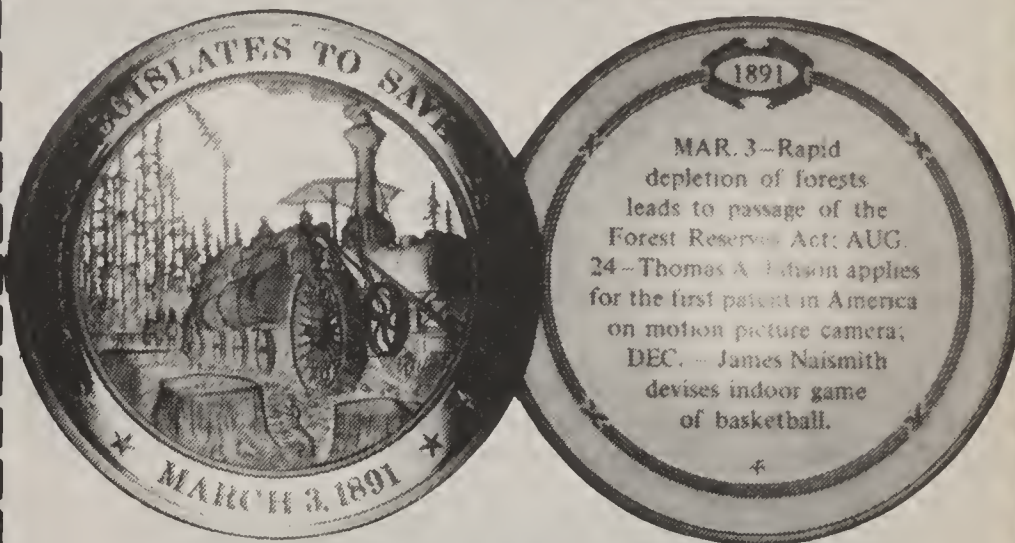

Once you gaze at these beautiful coins, with their rich bright silvery appearance you will instantly appreciate the manner in which our older coins were struck. The clean appearance in today's coinage is a thing of the past, as the modern alloys of copper and nickel just don't match the allure of silver.

We have some of these silver bicentennial sets containing the quarter, half and silver dollar in original mint packages.

Special while they last

A Heart of Pure Gold

Take pure gold leaf and assemble it in this intricate little bottle with a neckchain and you have what appears to be hundreds of dollars worth of pure gold. Well, gold leaf really looks like an awful lot more than it is and that's how we can offer this opportunity at such a super low price. Attractive gift box and certainly heart warming!

Rare Great Britain Proof Set struck in 1937

This classic proof set contains 15 coins in the original case. From the crown down to the three pence this is just a beautiful set out of the great past of Great Britain. A total mintage of 26,402 sets makes this a scarce item and when comparing it to the 1937 U.S. set, which currently has a value of over \$2500.00, it is no wonder that it is a strongly recommended investment. Our asking price is just \$350.00 per set even though the catalogue value is \$450.00. Only a few sets available at this special price.

1973 GOVERNMENT MINT SET

That's right, the 1973 mint set is truly a rare set. Look at the facts and you will agree.

The 1973 mint set is the only method in which you can acquire the rare Philadelphia and Denver mint dollars.

Just think, a total number of just 1,769,258 released pieces really makes this a rare issue.

We have a couple of hundred sets available and will go out on a first come, first served basis.

Rare HALF PENNY with Pedigree

Our research department has come up with the most unbelievable story and pedigree concerning this rare 1815 Half Penny Token. We have documentation from the famous numismatist Breton, indicating in a letter written in May of 1908, to the original holder of these coins, who was attempting to purchase them at a premium above the so-called face value. Even in 1908 these pieces had obvious value.

Further documentation from M. Kay, dated May of 1916 on the stationery of the House of Commons attests that these very coins were purchased from the estate of George S. Jones by F.C. Saunders, Esq. Saunders certainly had an investigative curiosity, which in 1924 lead him to write to Mrs. Blinn who originally found the coins in the Jones house but indicated that she thought they belonged to Jones' wife's father D.L. Nye, a public official.

In 1927, Saunders received a letter from Renaud indicating that the coins were used in circulation in any amount less than 5c, and were also used for postage. Renaud supported Breton's previous comments.

Certainly, these rare tokens have much numismatic value and we are fortunate to have secured a small number of them with their pedigree. For those of you who order the token, you may request a photocopy of the various letters we have establishing their rarity. Certainly a great find. All coins are uncirculated with normal tarnish.
